Welcome to your Flagger Force 2022/23 Benefits!

Your needs, and those of your family, are unique to you. That's why Flagger Force provides a comprehensive and flexible benefits program that you can customize to fit your personal situation. Our program offers you and your family important healthcare coverage and financial security.

Some of the benefits we offer are paid for in full by Flagger Force. For others, it is a shared contribution between you and the Company. Other benefits are also available to you at reasonable group rates.

Your benefits are an important part of your total compensation at Flagger Force. Please take the time to review and evaluate all the options available to you and your family.

This guide is not intended to be a complete description of the insurance coverage offered, nor is it a binding contract. Controlling provisions are provided in each benefit plan policy. This guide also serves as a Summary of Material Modifications ("SMM") and includes updates that affect Flagger Force's Summary Plan Descriptions. Please keep this guide with your Summary Plan Descriptions for future reference. If there is any discrepancy between this guide, the Summary Plan Descriptions and the Plan document, the Plan document will control. Flagger Force reserves the right to end, suspend, or amend their plans or the benefits provided thereunder, at any time, for any reason, in whole or in part.

What's New in 2022?

Vision Plan

The vision plan will be enhanced for the new year, increasing the frame and contact lens allowance to \$130 per year.

The disability policies will be changed to offer a standard benefit. All policies will now pay 60% of your salary rather than the incremental elections that you had before.

Your Next Steps

Details on the formulary can be found on Capital Blue Cross's website at www.capbluecross.com. Click on "**Find**" then "**Drugs**". Under the "**Employer covered drug lists**" click on the 2022 formulary (Value Plus) for details.

Eligibility

Who is Eligible?

You are eligible for our benefits if you are:

- An active full-time employee working **30** or more hours per week, measured over a six (6) month period; or

Your dependents are eligible if they are:

- Your legal spouse
- Your child(ren)* up to age 26

When Does Coverage Begin?

New Employees. Flagger Force Field Staff are classified as variable-hour employees. To be considered full time and benefit eligible, an employee must average 30 or more hours worked per week, measured over a six (6) month period. If an employee qualifies, they will be offered the opportunity to join the plan following the six (6) month measurement period. Hours will be averaged each subsequent 6-month period to determine eligibility. Notification of eligibility and enrollment information will be sent to your primary email address on file. Be sure to check your spam/junk folders, too!

Open Enrollment. If you sign up for benefits during open enrollment, your coverage becomes effective September 1.

When Can You Enroll in Benefits?

All enrollments/change requests must be submitted online using the **KRONOS Employee Self Service site** or **UKG Ready mobile app**.

1. It is strongly recommended that you take the time to review the Enrollment Guide to make your election decisions before logging on to submit your elections.

2. Be sure you have dependent information ready, such as full names, dates of birth, and Social Security Numbers that will be required for any dependent coverage elected.

3. Once you have made your decisions and you are ready to submit elections online, go to www.flaggerforce.com/benefits and click "Enroll Now".

- If you cannot remember your Username, contact Employee Services at 717-461-7650, option 5, for assistance.

4. Once you reach the "Confirm & Submit" section, click "Submit" to finalize your elections. You will be prompted to enter your UKG/Kronos password to complete your enrollment and send your elections to Human Resources. If you fail to click "Accept", your enrollment/changes will not be received/processed by HR. Once you submit your enrollment you will receive a confirmation of your submission via email. You will receive a second email confirmation once your enrollment is approved.

- Gain or loss of Medicare or Medicaid during the year
- Relocation

Other qualifying events may also apply. Please contact Human Resources.

Benefit Definitions

What is a premium?

A premium (also referred to as a contribution) is the cost you pay for health insurance, whether you use medical services or not. Premiums are deducted directly from your paycheck on a pre-tax basis.

What is a deductible?

A deductible is the amount you pay out of your pocket before your insurance pays.

Deductibles run from September 1 - August 31 each year. Once you have met that dollar amount, you have met the requirements for the plan year.

What does a copay pay for?

Copayments, or copays, are pre-set dollar amount you are expected to pay for office visits, procedures or prescription drugs under your insurance plan.

Once the copay has been met, the insurance Company pays all remaining costs.

What does coinsurance mean?

Coinsurance is a set percentage of service costs that you will be expected to pay once you have met your annual deductible.

When your annual deductible is met, your insurance provider pays for their portion of the full cost of the service and you pay the coinsurance, or remaining percentage.

What counts towards my out-of-pocket maximum?

An out-of-pocket maximum is an annual cap on the dollar amount you are expected to pay out of your own pocket for services (including deductibles, copays, and coinsurance) throughout the plan year.

Once you meet the out-of-pocket amount, your insurance provider will cover 100% of remaining medical expenses for the year.

Medical

Flagger Force offers three medical plans through Capital Blue Cross with the following features:

- The Gold PPO, Silver PPO and Consumer Value HDHP Plans include a network of doctors and health care facilities that provide services to plan members at discounted rates. You can go to any doctor you like within the PPO network, including specialists, without a referral. If you go to an out-of-network provider, the plan will pay benefits based on Usual and Customary Rates (UCR) . If your out-of-network provider charges more than the amount covered by the plan, you will have to pay all charges over that amount.
- Preventive care is covered at 100% when using an in-network provider.
- Includes prescription drug coverage.
- Deductibles and out-of-pocket maximums accumulate on a plan year which runs September 1– August 31.
- Employees share in the cost of medical/prescription benefits.
- For a comparison of the plans, please refer to the Medical Plans Comparison Chart. Specific benefit levels and limitations can be found in the plan summaries and Summary of Benefits and Coverage (SBC).

A Note About Health Care Reform

If you choose to purchase individual coverage through the Marketplace, you should know that because Flagger Force's medical insurance meets specific ACA requirements, you may not be eligible to receive a federal subsidy.

Where to Seek Care

Emergency Care vs. Urgent Care

When you need help in a hurry, you have choices. Of course, when it's a **life-threatening problem, you should call 911 or go straight to the nearest hospital emergency room (ER).**

In the ER, true emergencies are treated first, so unless your life is in danger, you'll wait – sometimes for hours. The ER is also the most expensive option for care.

For non-life-threatening problems, call your doctor, access Capital Blue Virtual Care platform or go to an urgent care center.

Go to Emergency Room

Heart attack or stroke

Chest pain or intense pain

Shortness of breath

Severe abdominal pain

Head injury or other major trauma

Loss of consciousness

Major burns or severe bleeding

One-sided weakness or numbness

Open fractures

Poisoning or suspected overdose

or

Go to Urgent Care

Moderate fever

Colds, cough or flu

Bruises and abrasions

Cuts and minor lacerations

Minor burns and skin irritations

Eye, ear, or skin infections

Sprains or strains

Possible fractures

Urinary tract infections

Respiratory infections

Health Savings Accounts (HSA)

Only available for those enrolled in our Qualified High Deductible Health Plan Option:

Consumer Value HDHP

A Health Savings Account (HSA) is a tax-advantaged savings vehicle available to individuals covered by a High Deductible Health Plan (HDHP). Funds in the account are used to pay for qualified medical, dental and vision expenses.

An HSA is a great way to save for the future. You can set aside money from each paycheck now and save funds to cover healthcare expenses that come up later. Plus, your contributions are free from federal income tax, so you're stretching your healthcare dollars while lowering your taxable take-home pay amount.

HSA funds can only be used for yourself, your legally-recognized spouse and your taxable dependents.

Flagger Force will contribute \$500 to your HSA if you are enrolled in the Consumer Value HDHP approximately one month after enrollment. To receive this benefit, you must elect to contribute \$100 or more to your HSA per year.

Advantages of an HSA

- Balance rolls over each year and accrues interest, so you won't lose your contributions
- Triple tax savings – you do not pay federal tax* on:
 - Contributions to the account
 - Spending on qualified expenses
 - Interest that accrues
- Account is portable, so the funds are yours even if you change medical plans next year or leave Flagger Force in the future
- Use the funds for eligible medical, dental or vision expenses, including coinsurance costs, prescriptions, glasses, orthodontia and more—now or in the future
- Money left in the savings account earns tax-free interest*

*Tax treatment of HSAs for state tax purposes may vary by state.

Health Savings Accounts (HSA) (continued)

Funding and Enrolling in an HSA

You have the option to contribute to your HSA through pre-tax payroll contributions if you enroll in an HSA through **Health Equity**.^{*} You can change the amount you contribute to your HSA at any time during the plan year.

To enroll in an HSA, you must enroll in the Consumer Value HDHP plan. You will receive instructions following enrollment on how to activate your account and establish a login and password. It is important to note that expenses are not eligible for reimbursement until your HSA has been established.

Once your HSA is opened, remember to designate a beneficiary for this account.

^{*} You also can choose to open an HSA through another financial institution; however, you would have to make after-tax contributions, they would not be automatically deducted from your paycheck, and you would need to claim those contributions as a tax deduction when you file your taxes.

Who Can Open an HSA?

You can open an HSA if you:

- Are covered under an HSA-qualified high deductible health plan (HDHP).
- Are not enrolled in Medicare*, TRICARE or TRICARE for Life.
- Cannot be claimed as a dependent on someone else's tax return.
- Have not received Veterans Affairs (VA) benefits within the past 3 months
- You (or your spouse) do not contribute to a Healthcare FSA.

** Enrollment in Medicare Part A may be retroactive by up to 6 months when you begin taking social security retirement after your Social Security Normal Retirement Age (SSNRA). This may affect your HSA eligibility.*

Other restrictions and exceptions may also apply. For more information, visit www.irs.gov/publications/p969.

2022 HSA Contributions and Limits

Each year, you can contribute up to the IRS annual limit for HSAs. All contributions into this bank account cannot exceed the maximum limits listed below. Please contact your banking institution for any additional contribution rules and regulations involving your Health Savings Account.

2022 IRS Annual Contribution Limits**

Single
\$3,650

Family
\$7,300

Age 55+ Catch-Up
Additional \$1,000

^{**}If your company contributes to your HSA, their contribution counts toward the HSA calendar year IRS contribution limits and reduces the amounts members can contribute to this account. Money used for non-qualified healthcare expenses is subject to income tax, as well as an additional 20% penalty tax if you are younger than 65.

How To Save \$\$\$!

When Using Your Medical and Prescription Plans

Use In-Network Doctors

By using in-network doctors, clinics, hospitals and pharmacies, you pay the lowest cost for care. When you visit out-of-network doctors, our health plan covers less of the cost.

Choose the Right Type of Care

When you need care, know your options. Urgent care centers, online doctor visits or a call to the medical plan nurse line can help save time and money.

Use Your Preventive Care Benefits

Most preventive care services are covered at 100% when you use in-network providers. Getting regular exams, screenings and immunizations can save you a lot of money in the long run by catching problems early or preventing them altogether.

Use Express Scripts

Rather than visiting a pharmacy month after month, save time by having the medication delivered to your home.

Through Express Scripts, you can also save money by getting up to a 90-day supply for less than what you would pay through a retail pharmacy. And because shipping is free, you'll also save on gas money! For more information, visit www.express-scripts.com.

Ask Your Doctor for Generic Drugs

The next time you need a prescription, ask your doctor if it is appropriate to use a generic drug rather than a brand name drug. Generic drugs contain the same active ingredients, are identical in dose, form and administrative method AND are less expensive than their brand name counterparts.

If you must take a brand name drug, ask your doctor for samples or coupons. Also check the drug manufacturer's website for available rebates and discounts.

Search GoodRx for Cheaper Prices

Drug prices sometimes vary significantly between pharmacies. GoodRx collects and compares prices for every FDA approved prescription drug at more than 70,000 pharmacies.

Access GoodRx at www.goodrx.com to find the lowest price pharmacy near you and/or print FREE coupons. You can also get coupons on-the-go through Good Rx's mobile app – just show your phone to the pharmacist*.

Ask Your Pharmacy for the Cash Price

Call and ask your pharmacy for the cash price* of a prescription drug. Sometimes these prices are lower than the prescription drug plan copay.

* If you use GoodRx vs. the Capital Blue Cross pharmacy benefits, or if you pay the lower cash price, the amount you pay will not apply toward your deductible or out-of-pocket maximum.

Dental

Flagger Force offers a dental plan through Capital Blue Cross. Your choice of dentists can determine the cost savings you receive. In-network providers are paid directly by Capital Blue Cross and agree to accept negotiated fees as “payment in full” for services rendered. When you use out-of-network providers, Capital Blue Cross will apply the applicable percentage of the allowed amount and you are responsible for paying the balance of the bill.

In-network coverage is provided when you use Capital Blue Cross providers. To search for in-network providers, go to www.capbluecross.com.

Important Information!

In-Network providers agree to accept Capital’s allowance as payment in full – often less than their normal charge. If you visit an Out-of-Network provider, you are responsible for paying the deductible, coinsurance and the difference between the Out-of-Network provider’s charges and the allowed amount.

Vision

Routine eye exams are important for maintaining good vision and can also provide early warning of other health conditions. The Capital Blue Cross vision plan provides coverage for exams, glasses and contact lenses, as shown below.

In-network coverage is provided when you use Capital Blue Cross providers. Once you are logged in, choose the **"Find a Doctor"** tool.
